

Please do not change the Indiana Telephone Privacy Rules. I have been on their list for one month. During that time my "unwanted" phone calls have been reduced to ZERO. I cherish my time with my family. Before I was put on this list, it did not matter how many times I asked to be put on DO NOT CALL lists. They do not work, the telemarketers just hang up, and wait for the computer to dial them a new number.

The way Indiana has set up their list is outstanding. If it isn't broke don't fix it.
